

MUBAREK MOHAMMED BESHIR

Full-Stack Software Engineer

Ethiopia | 0926817550 | mubasoftware430@gmail.com

PROFESSIONAL SUMMARY

Full-Stack Software Engineering graduate with hands-on experience building responsive web applications using modern front-end and back-end technologies. Skilled in JavaScript, React, Node.js, Express, and MongoDB, with strong problem-solving abilities, clean coding practices, and a track record of delivering efficient, user-focused solutions.

EXPERIENCE

Full-Stack Web Developer & Project Manager | Federal Civil Service Commission

Internship | Onsite | Jan 2025 – Jun 2025

- Contributed to full-stack development of internal web applications, working across front-end and back-end layers.
- Served as project manager for development tasks, coordinating scope, timelines, and deliverables.

EDUCATION

Degree in Software Engineering | Mizan Tepi University

Sep 2021 – Jun 2026 | GPA: 3.51 | Exit Exam: 78.75%

PROJECTS

Online Feedback Management System | Full-Stack Developer

- Built a full-stack feedback management platform using React, Express, Node.js, and MongoDB, enabling structured collection and review of user feedback.
- Led the project end-to-end, from requirements gathering through deployment, coordinating tasks across the development team.

Semi-Automated University Management System | Full-Stack Developer

- Developed a full-stack platform to automate core university administrative workflows using React, Express, Node.js, and MongoDB.
- Designed the data models and REST APIs, and managed the project timeline from planning to completion.

Online Hotel Management System | Full-Stack Developer

- Built a full-stack hotel management platform using React, Express, Node.js, and MongoDB, covering bookings, room availability, and guest records.
- Owned the project lifecycle end-to-end, applying project management and cross-team communication skills.

SKILLS

Languages & Frameworks: JavaScript, TypeScript, React, Next.js, Node.js, Express, Java, C++, PHP, Python, HTML, CSS.

Databases & Tools: MongoDB, PostgreSQL, Git, Linux.

Additional: Machine Learning, Data Structures, IoT.

Soft Skills: Problem Solving, Team Collaboration, Technical Documentation, Time Management.

LANGUAGES

English and Amharic — Fluent
